

WARWICK

White Lady Chardonnay 2023

Wine Of Origin / Varietal
Stellenbosch / 100% Chardonnay

In The Glass

Our White Lady 2023 has been recognised with 93 points in Platter's Wine Guide 2026 and Silver at the International Wine Challenge (IWC), a fitting tribute to a wine that opens with an engaging nose of citrus, green apples, white peach, roasted nuts, and spices. The palate is concentrated around fruit weight, baked apple, almonds, lime, and green apples, with fresh acidity bringing balance and length to the finish.

Winemaking

Fruit is sourced from four specifically sited vineyards, where selected for their unique microclimates. Sun exposure in the morning and cooling sea breezes enhance diurnal temperature shifts, which contribute to slow ripening for greater complexity.

All lots were whole bunch pressed and juice allowed to clear naturally before being transferred to 228L Burgundian French oak barrels, for fermentation in 25% new oak, 32% second fill, 19% third fill, 24% fourth fill. Barrels were rolled once a month for a total aging of eleven months before selection process and blending followed by a light filtration and bottling.

Serving Temperature

8-12 °C

Analysis

Alc: 13%

RS: 2.2

TA: 6.1

PH: 3.56
